

BSIDES IDAHO FALLS

2024

Sponsorship Packages

September 20th & 21st, 2024

Sponsor@BSidesIF.org

What is BSides?

BSides Idaho Falls is a gathering for information security professionals, hackers, coders, and the greater technical community to generate collaboration and engagement with the regional security community.

During the conference, attendees share and learn about information security, privacy, and technology in Idaho Falls.

The ideal sponsor has technical staff and thought leaders who would also present, attend, and enjoy a BSides event.

This is Southeast Idaho's seventh BSides event, and we look forward to building on this successful conference.

Why should your business get involved?

By sponsoring our event, you are identifying your brand as a leader in the information security space and exhibiting your brand to information security professionals, managers, engineers, and analysts from around the tech community of Idaho Falls through our partnerships with local businesses, colleges, and security-related networking groups.

BSides Idaho Falls will provide you, depending on your sponsorship level, with a table in our sponsor area, enabling you to hand out swag, talk to attendees, interact with other corporate sponsors, and recruit local talent.

Your brand will be promoted through our social media campaigns and published in our electronic and printed marketing materials as a supporter and leader of the information security community.

BSides Idaho Falls provides these services at a fraction of the cost of typical security conferences.
